SECTION 1		Product & Supplier Identificatio	n
Product Name		Display Tack	
Other Names		None	
Product Code		AA340	
Barcode Number			
Recommended Use	•	Reusable putty-like adhesive for lig	ht weight objects.
Restrictions on Use		None known	
Company		Zart Art	
ABN		24 621 120 321	
Address		48 Overseas Drive, Noble Park Nor	rth. VIC. Australia 3153
Telephone		+61 3 9890 1867	, ,
Supplier Code			
Emergency Phone	Number	Australia – 13 11 26 (Poisons Inform	mation Centre)
SECTION 2		Hazards Identification	
Classification of the	a bazardous o	homical	
Physical haz		Not classified	
Health hazar		Not classified	
Environmen		Not classified

Seek responders medical personnel are aware of the m	actices. container tightly closed. in accordance with local regulations. ation <u>Proportion (to 100%)</u> to 100 % 15 minutes, lifting eyelids occasionally ise seek medical attention. ntion if symptoms persist.

Direct contact with skin may cause minor irritation in some individuals.

Medical attention and special treatment

Provide general supportive measures and treat symptomatically. Keep under observation as symptoms may be delayed. Seek medical attention if symptoms persist.

SECTION 5	Fire Fighting Measures

Extinguishing equipment

Suitable Water, fog, foam, dry chemical powder, carbon dioxide. When choosing extinguishing equipment be aware of any potential hazard(s), example electrical.

Unsuitable Anything that could spread the fire and or risk the safety of surrounding personnel.

Specific hazards arising from the chemical

None known.

Specific protective equipment and precautions for fire fighters

Self-contained breathing apparatus (SCBA) and full protective clothing (PPE) must be worn in case of fire.

Hazchem Code Not available.

General fire hazards No unusual fire or explosion hazards known.

Personal precautions, protective equipment and emergency procedures

For non-emergency personnel

Keep unnecessary personnel away and upwind of spill. Wear appropriate protective equipment during clean up. Contain spill to prevent contamination to drains / water ways. Local authorities should be contacted if spill cannot be contained. Collect and seal in properly labelled containers for disposal in accordance with local regulations. Heed advice under Section 8 "Personal Protection".

For emergency responders

Keep unnecessary people away. Heed advice under Section 8 "Personal Protection".

Environmental precautions

Avoid discharge to drains, water ways or onto the ground.

Methods and materials for containment and clean up

Large spills – If safe to do so, collect and seal in properly labelled containers for disposal in accordance with local regulations.

Small spills – Clean up with brush and shovel.

SECTION 7 Handling & Storage

Precautions for safe handling

Wear appropriate personal protective equipment. Observe good industrial hygiene practices. Do not eat, drink or smoke while during use. Always wash hands after use.

Conditions for safe storage, including any incompatibilities

Store in a cool, dry place. Keep containers tightly closed at all times when not in use.

SECTION 8 Exposure Controls / Personal Protection

Occupational exposure limits (OEL's)

No OEL's noted for this product.

Biological limit values

No biological exposure values noted for this product.

Appropriate engineering controls

Use in a well-ventilated area. If required use local exhaust ventilation.

Individual protection measures, for example personal protective equipment (PPE)

Under normal conditions of use should not be required.

Hygiene measures Use and maintain good industrial hygiene. Always wash hands after use. Do not eat, smoke or drink when handling this product.

SECTION 9	Physical & Chemical Properties		
Appearance	White, pliable compound		
Odour	None		
Odour threshold	Not available		
рН	Not available		
Freeze point	0°C		
Boiling point	100°C		
Flash point	Not available		
Flammability	Not available		
Vapour Pressure	Not available		
Vapour Density	Not available		
Relative density	Not available		
Solubility in water	Not available		
Specific Gravity	1.0		
Specific Gravity	1.0		
SECTION 10	Stability & Reactivity		
Reactivity	Product is considered non-reactive under normal conditions of use, storage and transport		
Chemical stability	Product is considered stable under normal conditions of use, storage and transport.		
Chemical Stability	Froduct is considered stable under normal conditions of use, storage and transport.		
Possibility of hazard	dous reactions No hazardous reaction known under normal use.		
Conditions to avoid	No specific data available for this product, however it is recommended to avoid oxidising agent, acids and bases.		
Incompatible materi	ials None known.		
Hazardous decomp	osition		
	If engulfed in fire product may give rise to the release of obnoxious fumes including oxides of carbon.		
SECTION 11	Toxicological Information		
	sible routes of exposure		
Inhalation	No adverse effects expected due to inhalation.		
Skin contact	Unlikely, but minor irritation may occur in some individuals.		
Eye contact	Unlikely, but minor irritation may be expected in some individuals if in eyes.		
Ingestion	Expected to be low ingestion hazard. Product does contain gluten from a wheat source.		
Symptoms related t			
	Skin contact - symptoms may include redness and itching.		
	Eye contact - symptoms may include stinging and redness.		
Acute	No specific data available.		
Skin corrosion / irrit	tation		
	Deslammed altim contact many course miner invitation in come individual's		

Prolonged skin contact may cause minor irritation in some individuals.

Serious eye damage / irritation

May cause minor irritation in some individuals.

Respiratory or skin sensitisation

Not a respiratory sensitizer. Not expected to cause skin sensitisation.

Carcinogenicity No data available.

Reproductive toxicity

This product is not expected to cause reproductive or developmental effects.

Additional Information

This product does NOT contain,

Egg, dairy, soy, seafood, shellfish, wheat or peanut products, by-products or derivatives.

SECTION 12	Ecological Information		
Ecotoxicity	No specific data is available for this product. However, do not release this product or any water contaminated with this product into drains, soils or waterways. Sufficient measures should be taken to retain the water used in extinguishing any fires involving this product. Dispose of contaminant in accordance with local landfill or incineration regulations.		
Persistence and de	gradability No specific data available.		
Bio accumulative p	otential		
·	No specific data available.		
Mobility in soil	No specific data available.		
SECTION 13	Disposal Considerations		
Disposal methods	Dispose of this product and any water contaminated with this product in accordance with local regulations.		
Contaminated pack	caging The container in which the product is/was contained should also be disposed of in accordance with local regulations.		
SECTION 14	Transport Information		
ADG IATA IMDG	Not regulated as dangerous goods. Not regulated as dangerous goods for IATA Not regulated as dangerous goods.		
Special Precautions No special precautions or requirements for transport			
SECTION 15	Regulatory Information		
Safety, health and e	environmental regulations This Safety Data Sheet was prepared in accordance with Safe Work Australia's Code of Practice for the Preparation of Safety Data Sheets for Hazardous Chemicals.		
Standard for the Uniform Scheduling of Medicines and Poisons (SUSMP) Not allocated			
AICS	Components are listed in the Australian Inventory of Chemical Substances.		

SECTION 16	Other Information	
Reason for Revision Update	Review and update information in accordance with GHS requirements. Sections 3 and 9 information changes.	
ADG	Australian Dangerous Goods Code	
AICS	Australia Inventory of Chemical Substances	
ΙΑΤΑ	International Air Transport Association	
IMDG	International Maritime Dangerous Goods Code
