

Safety Data Sheet

Basics Watercolour Pencils

Revision: Number 2
Date 7 November 2019

SECTION 1 Product & Supplier Identification

| | |
|-------------------------------|----------------------------------------------------------|
| Product Name | Basics Watercolour Pencils |
| Other Names | None |
| Product Code | PN084 & PN085 |
| Barcode Number | |
| Recommended Use | Children's coloured pencil for use with art and craft. |
| Restrictions on Use | None known |
| Company | Zart Art |
| ABN | 24 621 120 321 |
| Address | 48 Overseas Drive, Noble Park North, VIC, Australia 3153 |
| Telephone | +61 3 9890 1867 |
| Supplier Code | |
| Emergency Phone Number | Australia – 13 11 26 (Poisons Information Centre) |

SECTION 2 Hazards Identification

Classification of the hazardous chemical

| | |
|------------------------------|----------------|
| Physical hazards | Not classified |
| Health hazards | Not classified |
| Environmental hazards | Not classified |

Label elements, including precautionary statements

| | |
|--------------------------|------------------------------------------------------------|
| Hazard symbols | None |
| Signal word | None |
| Hazard Statements | The mixture does not meet the criteria for classification. |

Precautionary statements

| | |
|-------------------|-------------------------------------------------------------------------|
| Prevention | Observe good industrial hygiene practices. |
| Response | Wash hands after use. |
| Storage | Store in well ventilated place. Keep container tightly closed. |
| Disposal | Dispose of contents and container in accordance with local regulations. |

SECTION 3 Ingredient Composition / Information

| <u>Chemical Entity</u> | <u>CAS No.</u> | <u>Proportion (to 100%)</u> |
|--------------------------|----------------|-----------------------------|
| Non-hazardous components | | to 100 % |

SECTION 4 First Aid Measures

Description of necessary first aid measures

| | |
|-------------------|-------------------------------------------------------------------------------------------------------------------------|
| Eye | Irrigate with copious quantities of water for atleast 15 minutes, lifting eyelids occasionally. Seek medical attention. |
| Skin | Remove any contaminated clothing and wash off with soap and water. If any symptoms arise seek medical attention. |
| Inhalation | Move to a well-ventilated area. Seek medical attention if symptoms persist. |
| Swallowed | Rinse mouth with water. Do not induce vomiting. Seek medical attention. |

Personal protection for first aid responders

Ensure that medical personnel are aware of the material(s) involved and take precautions to protect themselves.

Basics Watercolour Pencils

Safety Data Sheet

Symptoms caused by exposure

Direct contact with skin may cause minor irritation.

Medical attention and special treatment

Provide general supportive measures and seek medical attention if symptoms persist.

SECTION 5

Fire Fighting Measures

Extinguishing equipment

Suitable Water, fog, foam, dry chemical powder, carbon dioxide. When choosing extinguishing equipment be aware of any potential hazard(s), example electrical.

Unsuitable Anything that could spread the fire and or risk the safety of surrounding personnel.

Specific hazards arising from the chemical

Avoid dust formation. Fine dust dispersed in air may ignite. This product will support combustion and gases hazardous to health maybe formed.

Specific protective equipment and precautions for fire fighters

Self-contained breathing apparatus (SCBA) and full protective clothing (PPE) must be worn in case of fire.

Hazchem Code

Not available.

General fire hazards No unusual fire or explosion hazards known.

SECTION 6

Accidental Release Measures

Personal precautions, protective equipment and emergency procedures

For non-emergency personnel

Keep unnecessary personnel away and upwind of spill. Wear appropriate protective equipment during clean up. Prevent contamination to drains / water ways. Contact Local authorities if spill cannot be contained. Place in clearly labelled containers for disposal in accordance with local regulations. Heed advice under Section 8 "Personal Protection".

For emergency responders

Keep unnecessary people away. Heed advice under Section 8 "Personal Protection".

Environmental precautions

Avoid discharge to drains, water ways or onto the ground.

Methods and materials for containment and clean up

Large spills – If safe to do so, collect trying not to create dust and place in properly labelled containers for disposal in accordance with local regulations.

Small spills – Clean up with brush and shovel, trying to keep dust to a minimum.

SECTION 7

Handling & Storage

Precautions for safe handling

Wear appropriate personal protective equipment. Observe good industrial hygiene practices. Avoid breathing dust, and always wash hands after handling the product.

Conditions for safe storage, including any incompatibilities

Store in a cool, dry location in a closed container. Store in clearly labelled containers.

SECTION 8

Exposure Controls / Personal Protection

Occupational exposure limits (OEL's)

No OEL's noted for this product. However, for individual components,

| | | |
|--------------|-----------|---------------------------|
| Carbon black | 1333-86-4 | 3 mg/m ³ (TWA) |
|--------------|-----------|---------------------------|

| | | |
|------------------|------------|----------------------------|
| Titanium dioxide | 13463-67-7 | 10 mg/m ³ (TWA) |
|------------------|------------|----------------------------|

Biological limit values

No biological exposure values noted for this product.

Appropriate engineering controls

Use in a well-ventilated area. If required use local exhaust ventilation. Provide an eyewash station.

Individual protection measures, for example personal protective equipment (PPE)**Eye protection**

Wear safety goggles.

Skin protection

Wear impervious gloves.

Respiratory protection

Wear an appropriate dust mask that meets Australian standards.

Hygiene measures Use and maintain good industrial hygiene. Avoid breathing dust and always wash hands after use. Do not eat, smoke or drink when handling this product.

SECTION 9**Physical & Chemical Properties**

| | |
|----------------------------------|--------------------------------------------------|
| Appearance | Solid (assorted colours) |
| Odour | Not available |
| Odour threshold | Not available |
| pH | Not available |
| Melt point / freeze point | Not available |
| Boiling point | Not available |
| Flash point | Not available |
| Flammability | If exposed to persistent flame product will burn |
| Vapour Pressure | Not available |
| Vapour Density | Not available |
| Relative density | Not available |
| Solubility in water | Not available |
| Specific Gravity | Not available |

SECTION 10**Stability & Reactivity**

Reactivity Product is considered non-reactive under normal conditions of use, storage and transport.

Chemical stability Product is considered to be stable under normal conditions of use, storage and transport.

Possibility of hazardous reactions

No hazardous reaction known under normal use.

Conditions to avoid No specific data available for this product.

Incompatible materials

No specific data available.

Hazardous decomposition

In a fire product may give rise to the release of obnoxious fumes including oxides of carbon.

SECTION 11**Toxicological Information**

Information on possible routes of exposure

Inhalation No adverse effects expected due to inhalation.

Skin contact Minor irritation may be expected in some individuals.

Eye contact Minor irritation may be expected in some individuals.

Ingestion Expected to be low ingestion hazard.

Basics Watercolour Pencils

Safety Data Sheet

Symptoms related to exposure

Skin contact - symptoms may include redness, heat and itching.
Eye contact - symptoms may include stinging and redness.

Acute Health Effects No specific data available.

Skin corrosion / irritation

Prolonged skin contact may cause minor irritation in some individuals.

Serious eye damage / irritation

May cause minor irritation in some individuals.

Respiratory or skin sensitisation

Not a respiratory sensitizer.
Not expected to cause skin sensitisation.

Carcinogenicity No data available.

Reproductive toxicity

This product is not expected to cause reproductive or developmental effects.

Additional Information

This product does NOT contain,
Egg, dairy, soy, seafood, shellfish, wheat or peanut products, by-products or derivatives.

SECTION 12

Ecological Information

Ecotoxicity

No specific data is available for this product. However, do not release this product or any water contaminated with this product into drains, soils or waterways. Sufficient measures should be taken to retain the water used in extinguishing any fires involving this product. Dispose of contaminant in accordance with local landfill or incineration regulations.

Persistence and degradability

No specific data available.

Bio accumulative potential

No specific data available.

Mobility in soil

Product is insoluble in water.

SECTION 13

Disposal Considerations

Disposal methods

Dispose of this product and any water contaminated with this product in accordance with local regulations.

Contaminated packaging

The container in which the product is/was contained should also be disposed of in accordance with local regulations.

SECTION 14

Transport Information

ADG

Not regulated as dangerous goods.

IATA

Not regulated as dangerous goods for IATA

IMDG

Not regulated as dangerous goods.

Special Precautions No special precautions or requirements for transport

Basics Watercolour Pencils

Safety Data Sheet

SECTION 15

Regulatory Information

Safety, health and environmental regulations

This Safety Data Sheet was prepared in accordance with Safe Work Australia's Code of Practice for the Preparation of Safety Data Sheets for Hazardous Chemicals.

Standard for the Uniform Scheduling of Medicines and Poisons (SUSMP)

Not allocated

SECTION 16

Other Information

Reason for Revision

Review and update information in accordance with GHS requirements.

TWA

The TWA (Time Weighted Average) exposure value is the average airborne concentration of a particular substance when calculated over a normal 8 hour working day for a 5 day working week. The term "peak" is used when the TWA limit, because of the rapid action of the substance, should never be exceeded even briefly.
